IBM Request for Enhancement (RFE) Ed Jones

How to submit a Request For Enhancement
Steps
You should now be using [IBM Aha! Ideas](#) to submit new requirements:
Before you submit an idea, please perform a search first as a similar idea may have already been reported in the portal. If a related idea is not yet listed, please create a new idea and include with it a description which includes expected behavior as well as why having this feature would improve the service and how it would address your use case.
Select "Add a New Idea"
-> choose product "Data Server Manager and Data Management Consoles"
-> select the component of the Offering this Idea addresses as 'Data Server Manager'
-> input Structured Idea Details: [Required] Use a real-life scenario to explain the problem statement/pain points, state your current workaround(s), state any proposed solution(s), state the benefits/value this idea has, state # of users impacted and how often are they impacted)
-> click 'Submit Structured Idea'

Additional Information
•**The shorter URL for this site is: https://ibm.biz/IBM-Data-and-AI-Ideas**
•**To view our roadmaps: http://ibm.biz/Data-and-AI-Roadmaps**
•**Reminder:** *This is not the place to submit defects or support needs, please use normal support channel for these cases*
•*Please do not use the Ideas Portal for reporting bugs - we ask that you report bugs or issues with the product by contacting IBM support.*
