

A scenic mountain landscape with a lake reflecting the surrounding peaks and forests. The image shows a calm body of water in the foreground, mirroring the rugged, snow-dusted mountain peaks and the dense evergreen forests on the slopes. The sky is a clear, vibrant blue. The overall scene is peaceful and majestic, typical of a high-altitude alpine environment.

Asking ChatGPT to Roast Denver

- ▶ **Denver, aka "The Mile High City"**—because it's a mile high... on overpriced rent, traffic, and craft beer brewed with beard sweat and mountain tears.
- ▶ You've got 300 days of sunshine but still somehow manage to get snow, rain, and wildfires in the same week. The weather here is like a Tinder date—sunny and charming at first, then turns cold, erratic, and leaves you stranded on I-70.
- ▶ Denver drivers? Absolute legends. They think a blinker is a conspiracy theory and that tailgating builds community.
- ▶ And let's talk about altitude. You walk up a flight of stairs and suddenly you're gasping like you just finished a CrossFit class with a plastic bag on your head. But don't worry—just drink some water and eat a \$17 kale-avocado-toast infused with mountain essence.
- ▶ Everyone here owns a Subaru, a rescue dog named "Summit," and a Patagonia jacket that costs more than your student loans. And if you don't hike every weekend and post a summit pic with a caption like *"found myself at 12,000 feet"*, are you even allowed to live here?
